

Time to make  
a change?

With the price of oil and gas soaring, energy bills are on the rise. And of course, that's not the only expense of burning fossil fuels – there's a big cost to our planet too.

So why not make the switch to renewable heat with a **Daikin Altherma heat pump** instead?

We'll even give you **£500 Boiler Scrappage Cashback** when you replace your oil, LPG or solid fuel boiler with an eco-friendly heat pump.

There's never been a better time for change.

To register for your £500 cashback voucher, submit your details on our website today.

Goodbye  
oil and gas  
Hello renewable heat

Claim **£500 Boiler Scrappage Cashback** when you switch to a Daikin Altherma heat pump

**Boiler Scrappage Cashback**

# Avoid the energy spike

And make a positive change for the planet

Powered by **renewable energy**, a Daikin Altherma heat pump is the eco-friendly choice for your home heating.

You can enjoy **high-performance, efficient heating** throughout the winter months, **all while saving money** on your energy bills. And because a heat pump is **powered by up to 80% renewable energy**, it's a positive step for the planet, too.
