

“For a project on this scale, our aim was to create that a timeless classic that complemented both the property and its local environment. A single product solution would not have done the driveway justice, so instead we used a harmonious blend of shapes, designs and materials to create a more dynamic and engaging space.”

Jason Clarke
Jason Clarke Classic Paving

Deliver instant kerbside appeal and a warm welcome with a stylish entrance way.

ENTRANCE

Combine different materials, such as natural stone and concrete, to create contrast and frame your finished driveway.

EDGING

BORDERS

Use borders to break up areas of hard and soft landscaping, and to add another aspect to your design.

Drivesett Argent®
