TRUST IN TALASEY

We work tirelessly to offer premium landscaping solutions and we are constantly investing in our people and our technology to ensure that we deliver first class customer experiences.

Here are just some of the reasons why our customers can rely on us as a true 'one-stop shop' to provide their hard landscaping solutions:

Extensive Range of Products Readily Available

We have a large stock holding across 3 UK distribution centres.

Technical Support

Our knowledgeable and experienced team are on hand to answer any technical and installation enquiries you may have.

Ethically & Responsibly Sourced Products

We are proud members of the Ethical Stone Register and we are fully FSC® certified for our range of Piranha products.

Direct to Site & Home Delivery

Our direct to site delivery option means we can ship orders directly to the project site.

Sample Service

We offer a free sample service directly to branch or delivered to your home.

Continued Support

In the unlikely event that you aren't 100% satisfied with your purchase, our Customer Care team are here to help. Simply give them a call on **0330 333 8030** or send an email to customercare@talasey.co.uk along with your order information, and a member of our helpful team will provide you with further assistance.

Designer & Installer Network

A dedicated network which provides support to landscapers and designers, who are trustworthy professionals for homeowners.

We support our network of UK builders merchants and stockists by only selling our core products through them. Simply contact our Customer Engagement team for more details of your local suppliers.

Multiple Training Options

We offer multiple training options suitable for merchants, landscapers and DIYers.

Corporate Responsibility

Talasey are passionate about responsible trading and wholeheartedly invest in our ethical supply chains and the people that work in them, and we are proud members of the Ethical Stone Register.

All of Talasey's composite decking, fencing and cladding in our Piranha range is 100% FSC® certified.

We are committed to the sustainability of our products and packaging and are regularly reviewing and updating them to be more environmentally friendly and recyclable where possible.

You can rest assured that our products have been fully tested, are compliant to the latest regulations and that our ethical supply chain is fully audited and market leading.

Purchasing our products for your garden

In 5 Simple Steps

1

Find your inspiration

Our brochure is bursting with inspiration and ideas for your next landscaping project, so why not grab a drink and take some time to browse our collection.

 [pinterest.co.uk/
talaseylandscapingsolutions](https://www.pinterest.co.uk/talaseylandscapingsolutions)

2

View before you buy

We recommend you see the product in person where possible before ordering, make use of our handy online sample service to order your samples directly to your door. Alternatively, you can head to your nearest display area, contact us to find yours.

3

Find your Landscaping Professional

Our Designer & Installer Network is a select group of members we have partnered with to deliver high-quality design and installation of our ranges. Contact us to find your nearest members. If you're considering undertaking an installation yourself, head to the Knowledge Hub on our brand sites for a range of in-depth, step-by-step installation guides.

4

Place your order

Contact us to place your order via your local stockist, choosing your preferred delivery option:

DIRECT TO SITE

Contact our Estimating team on **01302 965743**, who can handle all of your enquiries and process your order for delivery directly to your home.

DIRECT TO BRANCH

We can deliver your order into your nominated merchant, where they will happily arrange delivery or collection of your order.

5

Share your project with us and enjoy

Enjoy your new landscape for years to come. Don't forget to tag us in your projects on social.

SUPPORTING OUR INDUSTRY

Perennial

Perennial is the UK's only charity dedicated to helping everyone who works with plants, trees, flowers or grass, and their families. They offer free advice, information and support to all those in horticulture whether working or retired, at any stage of life.

There are lots of reasons why people turn to Perennial such as bereavement, the impact of an accident, health issues or a family breakdown. Their friendly and experienced team are on hand when needed and many also access the wealth of free advice and information available online and via their free health & wellbeing and money management tools.

As a Diamond Plus partner, Talasey are proud to support the Perennial charity and help spread awareness of their amazing cause to our industry colleagues.

Perennial was there for me in my hour of need and may well have saved my life. It sounds dramatic, but their calm guidance at a time when my life was in turmoil massively helped me.

Peter, Landscape Gardener

Peter, Landscape Gardener

**Perennial
Partner**

Band of Builders

Band of Builders is a national construction charity that provides support to members of the UK construction industry facing life changing circumstances.

As National Landscaping Partner, we pledge to support the charity by donating our products to their projects as well as raising awareness for their cause through support and fundraising.

For each tub of Pavetuf Jointing Compound sold, 5p goes to Band of Builders charity.

TALASEY

TRAINING ACADEMY

Product Installation Courses

Our range of product installation courses include:

- ▶ Basic Site Setting Out and Preparation
- ▶ Installation of Porcelain Paving Materials
- ▶ Installation of Stone Paving Materials
- ▶ Installation of Composite Decking & Cladding
- ▶ Installation of Artificial Grass

Scan the QR code to view our full course prospectus.

Talasey On Tour

Coming to a town near you!

Our mobile showroom travels all over the country, visiting a number of our merchant suppliers, whilst also attending many landscaping events and exhibitions, to showcase our range of products, solutions and services. With knowledgeable and hands-on staff, Talasey on Tour is an ideal way to experience and understand product features and benefits, whilst seeing and feeling our products first hand.

Product Awareness Course

For those who sell Talasey products, we have our bite-sized product awareness courses, which equip merchants with the knowledge they need to sell our products to their trade customers.

All of our courses are designed to cover domestic applications, and are held at our purpose built training facility in Lincolnshire.

COMPOSITE SOLUTIONS

QUALITY THAT LASTS

DECKING • FENCING • CLADDING

PIRANHA[®]
COMPOSITE SOLUTIONS

BY TALASEY LTD

Talasey's composite range, Piranha®, is a responsibly sourced range of composite decking, fencing and cladding solutions designed to create attractive, durable, practical, and low maintenance outdoor spaces.

Developed using advanced and innovative technology, Piranha offers an unrivalled level of performance, enhanced aesthetics and is a contemporary alternative to traditional looking, high maintenance timber decking, fencing and cladding.

Easy to clean

Highly durable

Will not rot, warp or split

100% FSC® certified

Made from recycled materials

What our customers say...

We absolutely love our Terrafuzion decking! We went for the Mocha/Espresso, as we wanted a natural wooden look and feel without the maintenance of natural timber!

- Paul & Julie, Homeowners

Responsibly Sourced

The Forest Stewardship Council® (FSC) runs a global forest certification and audits forest management and chain of custody. The FSC system allows businesses and consumers to identify and purchase timber based products that are made with materials from ethical, well managed forests and/or recycled sources.

Talasey are FSC certified and by choosing Piranha you are helping to take care of the world's forests.

We are passionate about the responsible sourcing of our raw materials, as demonstrated by our FSC Certification.

Piranha composite products are made from a mixture of:

For every

323

deck boards manufactured we save

1000kg

of plastic from polluting our oceans or landfill

Decking

Terrafuzion

Terrafuzion is a range of three superior composite decking products. Each board shows an enhanced woodgrain and is dual sided to reveal two different shades of the same colour palette.

Our Terrafuzion range offers maximum performance with its heavy duty capped surface, meaning it has a higher resistance to staining and scratching.

Matching edgings and fascias are also available, along with clips and screws, to allow for a neat and secure finish.

THE BENEFITS

-  25 year warranty*
-  Class B fire rating
-  Reversible
-  Increased protection against fading and weathering
-  Dual sided

*For domestic applications.

SLATE

▶ Slate & Graphite

The Slate/Graphite composite decking boards are an ideal solution for homeowners who are looking for an ultra-modern decked area. Presenting a blend of dark grey and graphite, this decking is well suited in a contemporary space.

GRAPHITE WITH SLATE EDGE

SLATE

SLATE WITH BLACK CARBON SHADOW GAP CLADDING

► Sandstone & Island Mist

Sandstone/Island Mist is an ideal option for homeowners looking to create a light and modern decked area. Offering two shades of light grey, it is the perfect choice for those wanting to incorporate a modern colour palette whilst keeping a lighter aesthetic.

SANDSTONE WITH ISLAND MIST EDGE

SANDSTONE

► Mocha & Espresso

Mocha/Espresso is the perfect choice for those seeking the aesthetics of a natural timber deck, without the maintenance. Presenting two shades of brown, the warm colour palette offers a timeless and traditional feel, that will look good for years to come.

ESPRESSO

► Fascias & Edgings

To accompany our Terrafuzion range of decking boards we offer Fascia Boards and Edging Boards, which allow you to create a neat finish to your installation.

FASCIA BOARDS

Our Terrafuzion Fascia Boards are designed to cover the front edges of the decking once laid, so the underside of the installation cannot be seen.

▶ Joist Protection Tape

80mm x 20m

This self adhesive tape adds a water resistant layer to protect timber joists from moisture penetration.

- ✔ Waterproof
- ✔ 25 Year Bond Durability
- ✔ Self Adhesive
- ✔ UV Stable
- ✔ EPDM

▶ Pavetuf Risers

To assist you with the installation of your Piranha Composite Decking, we offer Pavetuf Adjustable Risers, which provides an alternative laying method to traditional joist supports.

Our risers enable simple installation of decking allowing it to be used in a number of applications including flat roofs, terraces and balconies.

BENEFITS

- 🚶 Allows for the conversion of unused rooftops and decks into attractive, hard-wearing areas, increasing the footprint of properties.
- 🔧 Ease of install and removal. The system can be moved over and over again, so if you move you can take your products with you.
- ⬇️ Allows for the levelling of decked areas, flush to buildings without compromising damp proof courses, to create sleek inside to outside areas.

Fencing

Piranha's fully capped composite fencing is available in three modern colours, each displaying an enhanced woodgrain finish on both sides, allowing the installation to not only enhance your own property, but also your neighbours!

As with all Piranha products, the fencing is low maintenance, durable against the elements and long lasting.

With optional Trellis and Decorative Aluminium Slats also available, you can create truly unique designs to enhance your landscape.

THE BENEFITS

-  25 Year warranty *
-  Easy to install
-  Fully capped boards for additional protection
-  Enhanced performance
-  Dual sided woodgrain finish

*For domestic applications.

Cladding

Piranha Composite Cladding offers homeowners and designers a unique way to style their outside living space.

Our Shadow Gap Cladding provides a sleek, modern 'slatted' look, ideally suited in contemporary spaces. For those who are after a more traditional feel, take a look at our Traditional Cladding range.

Available in a choice of three colours, both Piranha Cladding ranges present a natural woodgrain effect finish.

THE BENEFITS

- 👑 25 Year Warranty*
- 🛡️ Fully capped
- ☔ Increased protection from fading and weathering
- 📁 Range of matching composite trims and fixings
- 👁️ Concealed fixing system

*For domestic applications.

The Piranha Cladding ranges can be used for:

Landscape Gardens

Garden Buildings

Residential Projects

Commercial Projects

Modular Buildings

Industrial Applications

Internal Wall Cladding

External Wall Screening

▶ Shadow Gap Cladding

Our Shadow Gap Cladding is a popular choice amongst homeowners and garden designers, ideal for those wanting to add a touch of contemporary luxury to their outside space.

The concealed fixing system enables the cladding to be fitted vertically or horizontally, giving extra design options, so that you can really tailor your space.

The system comes with a range of trims and fixings, to allow for a neat and secure finish.

Considerations

Pre-Purchase & Delivery

We strongly recommend you view the product before making a purchase. You can make use of our sample service before placing your order, to get a better look and feel of the product. Head to our website to order your samples, or give us a call. Alternatively, contact us to find your nearest Piranha stockist where you can view the product on display.

Always purchase all the boards for the project together, as colour may vary from batch to batch. Batches bought at different times will vary due to natural and process variables, from material batching to temperature and humidity.

Inspect boards upon arrival to ensure they are satisfactory for your requirements. Once installed they have been deemed satisfactory and cannot be returned.

The boards are designed to have some shade variations, for a more natural look. Some packs may have more shade variation than others, so we recommend mixing from all packs, to achieve an even blend.

Always allow for wastage.
(10% is recommended subject to design)

For detailed how-to-videos visit the Knowledge Hub on the Piranha website.

Aftercare

Although very low maintenance, your composite products are still outside in the elements and will require some general cleaning to keep them looking their best.

Maintaining a clean, dry surface is the best method for combating dirt, grime and mildew build-up.

We recommend you clean your composite products every 3-6 months. Our Pavetuf range of cleaners offers a specific cleaner designed for use with Composite products.

For further tips and advice on cleaning your composite decking, visit our website.

ARTIFICIAL GRASS

PERFECTION
ALL YEAR ROUND

10 YEAR UV
GUARANTEE

Talasey's artificial grass range, Luxigraze, is an established range of high quality artificial grass products designed for beautiful, all year round, low maintenance gardens.

Benefits of Luxigraze

Low Maintenance: No mowing, no watering, no mud!

More Natural Look: Luxigraze Artificial Grasses consist of a multi-tone green pile, with a brown thatch.

Versatile: Can be used in a wide range of applications, to improve the look of any outdoor space.

Durable: Luxigraze is supplied with a 10 Year UV Guarantee. It is extremely hardwearing and long-lasting.

Ideal for Children and Pets: Luxigraze provides a safe and clean alternative to natural grass whilst putting a stop to the never-ending struggle to keep pets clean.

Excellent Drainage: Pre-punched for drainage, making it highly permeable.

High Quality Backing: Holds the grass blades in place, preventing them from being pulled out, providing enhanced grass strength.

No Grass Pollen: With zero pollen count, Luxigraze will not set off any dreaded hayfever symptoms!

40 Luxury

What our customers say...

Luxigraze is my go to choice when specifying artificial grass for my clients gardens. The free sample service allows my customers to touch and feel the product before making their choice, and the complementary range of accessories allows for ease of installation.

- Sam Howard, SH Gardens & Driveways

Artificial Grass

With so many specifications to choose from, it can be difficult to select which one is best for your application. Our versatile range of artificial grasses are suitable for a number of uses, so take your time to compare each product and choose the one that you feel is best for your requirements.

OUR EXPERT TIPS

- ▶ Pile direction needs to be taken into consideration when measuring, planning and installing.
- ▶ Each order is cut from the same batch to ensure colour consistency. Please be aware if you place multiple orders there could be a slight colour variation.
- ▶ We recommend that you roll out the artificial grass and leave to settle, for a minimum of 24 hours before installing, to allow it to relax and acclimatise.
- ▶ Product sizes, weights and coverages stated are nominal.

Make use of our handy online sample service to order you samples directly to your door!

40 Luxury

40MM

With a long and lush appearance, this top quality artificial grass looks great in any outdoor space, with the slightly longer pile height providing a soft and cushioning feel.

30 Premium

30MM

For a natural looking lawn, 30 Premium is a realistic alternative to natural turf, that looks and feels like the real thing!

27 Super Luxury

↑ 27MM

A top of the range and exceptionally lush option, 27 Super Luxury combines a dense, deep pile with multi green fibres for a natural look.

32 Luxury

↑ 32MM

Designed to look as stunning as natural turf, 32 Luxury is flexible and durable, creating a soft and comfortable feel underfoot.

20 Premium

∓ 20MM

With a shorter pile height, 20 Premium gives the appearance of a freshly cut lawn all year round.

35 Eco

∓ 35MM

A 100% recyclable artificial grass, with no compromises on quality or performance. 35 Eco boasts a super soft and resilient pile.

Pro Putt

15MM

If you want to perfect your putting in the comfort of your own home, this is the choice for you! Pro Putt is designed specifically for domestic putting greens*.

*This product requires a sand dressing of fine dried silica sand at a rate of approximately 12kg/m² (this could be increased depending on the speed required).

CUT TO SIZE

Luxigraze artificial grasses are supplied in 2m and 4m widths, cut to your required length (to the nearest 10cm), up to 25m. There is a minimum order of 1m length.

**CUT TO SIZE
AVAILABLE**

Accessories

Designed to aid the simple installation and maintenance of Luxigraze artificial grass, Luxigraze offers its own range of accessories.

**LUXIGRAZE
ADHESIVE**
310ML

- ▶ Moisture curing, solvent-free, polyurethane adhesive, designed to bond the underside of artificial grass to jointing tape and / or a solid sub-base for a secure finish.
- ▶ 1 cartridge covers 2-3 linear metres of Luxigraze Jointing Tape or provides a 10m bead (when fixing to a solid sub-base).

**LUXIGRAZE
JOINTING TAPE**
20CM WIDE

- ▶ A strong geotextile fabric designed to be used in conjunction with Luxigraze Adhesive to join artificial grass.
- ▶ Available in 20m and 100m rolls or cut to length to the nearest metre.

**LUXIGRAZE
SELF ADHESIVE
JOINTING TAPE**
20CM WIDE

- ▶ Constructed with a non-woven fabric, which is durable and strong.
- ▶ Simple application, allowing speedy joining of Luxigraze Artificial Grass, creating instant seams.
- ▶ Available in 5m lengths.

**LUXIGRAZE
U PINS**
150 X 30 X 4MM

- ▶ Galvanised and heavy-duty, to secure the perimeter of your Luxigraze Artificial Grass to soft ground.
- ▶ The U Pin sits below the pile and its green top will be camouflaged.
- ▶ Supplied in packs of 10.

**LUXIGRAZE
WEED MEMBRANE**
100GSM - 2M X 100M

- ▶ Designed to be laid underneath the artificial grass during installation to inhibit weed growth.
- ▶ Available in full rolls or cut to your desired length to the nearest 10cm.

**LUXIGRAZE
SPOT CLEANER**
1 LITRE

- ▶ Designed for use on artificial grass, in an easy to use trigger spray bottle.
- ▶ Removes dirt, grease, animal droppings, algae and moss, whilst adding a freshly cut grass fragrance.

**LUXIGRAZE
CLEANSER**
5 LITRE

- ▶ A powerful concentrated artificial grass cleaner, which is safe and easy to use.
- ▶ With a freshly cut grass fragrance, it helps suppress bacteria, algae and fungal growth.

Considerations

Pre-Purchase

We strongly recommend you view the product before making a purchase. You can make use of our sample service before placing your order, to get a better look and feel of the product. Head to our website to order your samples, or give us a call. Alternatively, contact us to find your nearest Luxigraze stockist to view the product on display.

Order & Delivery

All artificial grasses have a directional pile, which needs to be taken into consideration when measuring, planning and installing. It is recommended the pile faces towards the house or main viewpoint, as the grass will look more natural when looking into the pile.

Each order is cut from the same batch to ensure colour consistency. Please be aware that if you place multiple orders there could be a slight colour variation.

Inspect the artificial grass upon delivery to ensure it is satisfactory for your requirements. Once installed it has been deemed satisfactory and cannot be returned.

Installation

We recommend you roll out the artificial grass and leave to settle, for a minimum of 24 hours, before installing, to allow it to relax and acclimatise. Contact us to find your nearest installer. If you are looking to undertake the installation yourself, the Knowledge Hub on our website contains a detailed installation guide.

Aftercare

In order to maintain your artificial grass, it is recommended that on a regular basis you remove any debris such as leaves, twigs or airborne seeds, using a stiff brush or leaf blower. The Luxigraze range offers two cleaners for both on the spot and overall cleaning which can be used to keep your lawn looking and smelling fresh.

For further tips and advice on installation and aftercare, we strongly recommend you continue your research by reading our in-depth Guide To Understanding and Installing Luxigraze. Visit the Knowledge Hub on our website for further information.

Terms & Conditions

General product information and guidance

ABOUT US

Talasey Ltd is one of the UK's leading suppliers of high-quality, ethically sourced landscaping products. We supply a large range of branded landscaping products including Natural Paving, Vitriplazza, Pavetuf, Luxigraze and Piranha to businesses and their consumers. We have a team of highly experienced sales and technical staff who are available to provide advice and guidance on our products. For further information please contact our Customer Engagement Team on 0330 333 8030.

For further important details about our products please refer to our product brand websites (naturalpaving.co.uk, vitriplazza.co.uk, pavetuf.co.uk, luxigraze.co.uk and piranhadecking.co.uk).

UNDERSTANDING OUR PRODUCTS

We have Understanding and Installing Guides for all our ranges that we recommend you read prior to purchase. They are designed to help you with your choice, what to expect upon delivery, some basic installation advice and how to look after your investment.

PURCHASING OUR PRODUCTS

If you would like to purchase any product/s from our range, please contact us directly through our Customer Engagement Team. We can assist you by providing contact details for our network of stockists, designers and/or installers. All sales will be subject to applicable Terms and Conditions which are available directly upon request.

SAMPLES

Samples are available by enquiry through our Customer Engagement Team, our website or through your local merchant.

DISTRIBUTION

Talasey Ltd's products are available to our stockists for collection or delivery from our distribution centres at Tilbury, Doncaster and Grangemouth.

UPON DELIVERY

All products must be checked on arrival and in the unlikely event of products reaching you in a less than satisfactory condition, please refer to your stockist immediately, allowing time for the affected product to be replaced. Do not install any affected product as we will be unable to consider changing it nor will we accept any installation costs. We recommend if you are going to be away from home whilst the product is laid by a contractor, check you're happy with it before you go.

DIMENSIONS

All sizes and coverages stated throughout this brochure are estimates and will be subject to minor variation, subject to tolerances. Tolerances will vary from product to product and specific guidance should be sought from our Customer Engagement Team before placing an order.

WASTAGE

Allow for cuts and positioning during install, allow for individual units with characteristics that may not be to the users personal liking and, in addition, consider that due to the nature of some of our products and the journeys that they endure to get to your door some breakages may be incurred. Therefore, we recommend that you order an additional 10% for wastage.

SPECIFICATIONS

We reserve the right to change, or discontinue, any of our product specifications or designs without notice. We cannot accept any liability for products used for purposes that they were not intended for. We recommend taking expert advice on the suitability of products for your specific needs. Product Specification and Design Guidance documents are available on request, via your local merchant or stockist.

INSTALLATION

We have Planning and Laying Guides and/or technical advice available on our product brand websites, (as above), to assist your installation. If in doubt, always speak to a local expert and/or carry out research from reputable independent sources.

COLOURS

The images in this portfolio are only indicative of the shades, and their proportions, that may be represented in any given production batch. The colours shown are as accurate as reprographic processes allow.

Mixing packs is recommended even if the entire delivery has been batch matched.

Always try and order enough product to complete the project to minimise batch variation and try not to mix sources of supply without checking compatibility, prior to install.

It is strongly recommended you check all the product supplied is from the same production batch before commencing installation.

COLOUR STABILISATION

All our Piranha products contain UV stabilisers, however, due to their high natural content, all composite landscaping products will go through an initial colour stabilisation.

Talasey cannot accept responsibility for any potential weathering characteristics or the effects of potentially deleterious materials.

MAINTENANCE & CLEANING

For full advice, refer to our Understanding and Installing Guides in our Knowledge Hub.

We have a wide range of Pavetuf maintenance and cleaning products to either help protect your products or make cleaning easier. Refer to our website www.pavetuf.co.uk.

HEALTH & SAFETY

For full advice, refer to our Understanding and Installing Guides in our Knowledge Hub and always follow the product labels. Material Safety Data Sheets are available on request.

It is your responsibility to ensure that you comply with all applicable health and safety legislation and guidelines.

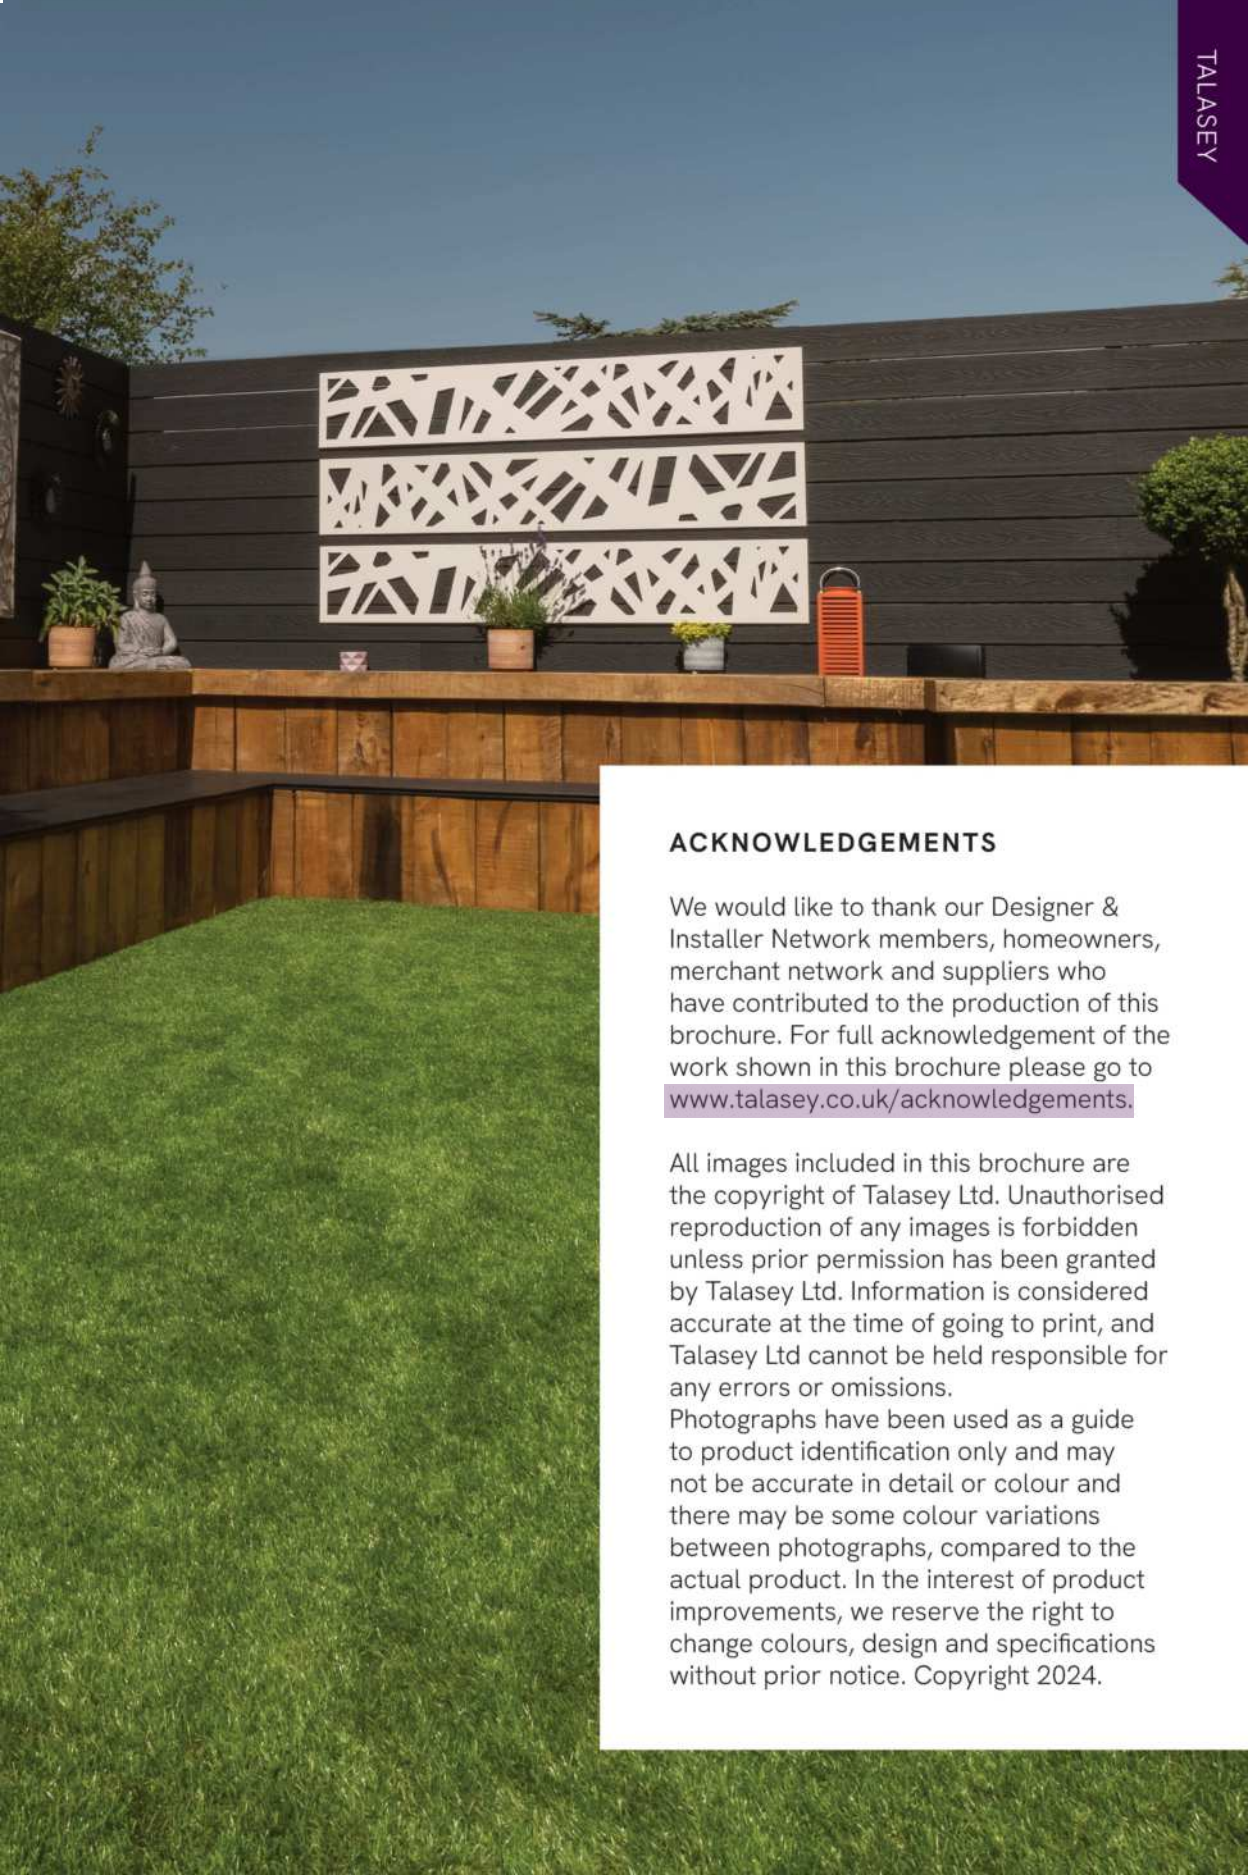

DESIGNER & INSTALLER NETWORK

Please note that our scheme is designed to provide a list of members that are independent contractors, installers and designers, to assist you in choosing a landscaping professional. Talasey Ltd cannot accept credit or responsibility for their actions and work.

LEGAL NOTICE

The information in this brochure, on the Talasey Ltd's website, in a guide or any document referred to herein (the "Materials") is for guidance purposes and intended to assist you in your purchase and enjoyment of the product. Talasey Ltd will have no responsibility or liability, howsoever arising, for reliance on the information provided in the Materials. Talasey Ltd's sole liability in respect of any products shall be as outlined in the terms and conditions of purchase or in any express guarantee relating to the product purchased. Any product guarantee referenced in the Materials is subject to terms and conditions. Whilst we work closely with our partners, any arrangement you make or advice you take from them will be subject to your contract with them. Talasey Ltd has no liability in respect of any act or omission of any third party. Every effort has been taken to ensure that the information contained in the Materials is accurate, specifications and tolerances will be as contained in your order for the products, and may differ from those stated in the Materials, particularly with respect to natural materials, where colours may differ from those illustrated.

Guidance provided by Talasey Ltd is generic and advice should be sought in respect of local environmental and building regulations as applicable.

ACKNOWLEDGEMENTS

We would like to thank our Designer & Installer Network members, homeowners, merchant network and suppliers who have contributed to the production of this brochure. For full acknowledgement of the work shown in this brochure please go to www.talasey.co.uk/acknowledgements.

All images included in this brochure are the copyright of Talasey Ltd. Unauthorised reproduction of any images is forbidden unless prior permission has been granted by Talasey Ltd. Information is considered accurate at the time of going to print, and Talasey Ltd cannot be held responsible for any errors or omissions.

Photographs have been used as a guide to product identification only and may not be accurate in detail or colour and there may be some colour variations between photographs, compared to the actual product. In the interest of product improvements, we reserve the right to change colours, design and specifications without prior notice. Copyright 2024.
